

Your connection at a glance

Aug 27, 2026 at 9:00:00 AM · PDT (UTC-07:00) to Sep 3, 2026 at 9:00:00 AM · PDT (UTC-07:00)

Interruptions recorded

3

Recorded interruption time

3 min

Longest interruption

1 min

History recorded: 7 hr · Not monitored: 161 hr

Unmonitored time can contain interruptions that were not recorded. Overlapping interruption time is counted once.

Results describe recorded checks on this iPhone. They do not establish provider fault or service-wide availability. Connectivity between checks is not established.

Check methods and destinations

Google	TCP connection · 8.8.8.8:53
Microsoft	TCP connection · www.msftconnecttest.com:80
Cloudflare	TCP connection · 1.1.1.1:443
System DNS	System name lookup · www.apple.com
Wi-Fi router	Router evaluation · Local gateway (address hidden)

Retained configurations; individual check results may no longer be available.
